Quali is starting the new year in high gear! We just released our new SaaS Solution, CloudShell Colony in Controlled Availability, which is going to be a game changer for DevOps teams and Application Developers. Make sure to sign up for the free trial, check our webcast to find out how Colony can help address CI/CD Challenges. Colony has already been widely covered in the press, check the Media section below for details. We have also planned an exciting line up of events and webinars for 2019 that we will announce in the upcoming newsletters, stay tuned!
